

1986 CAT D6H XR WITH 10,340 HRS

\$ 159,900.00

Caterpillar D6H XR Dozer — SU Blade — MS Ripper — Sweeps & Top Plate — Top-End Rebuild at 10,000hrs — XR Wide-Gauge Undercarriage

Make: Caterpillar | **Model:** D6H XR | **Hours:** 10,340 | **Undercarriage:** ~50% | **Blade:** SU | **Ripper:** MS (multi-shank)

A solid, hard-working Caterpillar D6H XR dozer — the legendary Cat workhorse that built half of regional Australia and just keeps going. This one is well-specced for production work, fitted with the sought-after **SU (Semi-Universal) blade** for serious dozing and pushing volume, a **genuine CAT MS multi-shank ripper**, **sweeps and top plate** for the hard jobs, and the wide-gauge **XR undercarriage** for excellent flotation and stability. Most importantly, it has had a **top-end engine rebuild at 10,000 hours** — meaning the top end has done only ~3,340 hours and has plenty of life ahead. The undercarriage sits at approximately **50%** — honest mid-life with good working life remaining before the next major spend. Available **as-is**, or **fully serviced and checked over through our Sunshine Coast workshop** for total buyer confidence.
