A premium 2018 Caterpillar D6T XL dozer — one of the most sought-after production dozers in the Australian market, and this one is configured exactly the way buyers want them. Fitted with the highly desirable **SU (Semi-Universal) tilt blade** for serious dozing and pushing volume, a **genuine CAT MS multi-shank ripper, sweeps and rear screen**, and **ARO wired** (Attachment Ready Option) so it's set up for a plug-and-play GPS grade-control upgrade without the \$5,000+ wiring cost. Powered by the proven **Cat C9.3 ACERT engine** with **differential steering** for full-power turns. Comes with a **fresh 250-hour service** and a comprehensive **workshop inspection report**, all carried out through our brand-new purpose-built facility on the Sunshine Coast QLD. This exact spec — SU tilt, sweeps, rear screen, MS ripper, ARO wired — is genuinely hard to find. Ready to earn from day one.
