Make: Caterpillar | **Model:** D6K2 XL | **Year:** 2019 | **Hours:** 3,100 | **Power:** 130HP | **Weight:** ~13t |
Config: XL undercarriage

A genuinely low-hour, late-model 2019 Caterpillar D6K2 XL dozer — with **only 3,100 hours** on the clock, this is one of the tidiest D6K2s you'll find on the Australian market. The D6K2 is the well-proven machine that Caterpillar renamed the "D4" in 2021, powered by the clean and efficient **Cat C4.4 ACERT engine** with a smooth **hydrostatic transmission** and the latest grade-control technology in its class. This one is set up right: **ARO wired** (Attachment Ready Option) for a plug-and-play GPS upgrade, **factory sweeps** fitted, **screens to be fitted**, a **genuine CAT ripper**, and a **good undercarriage**. Comes with a **fresh 250-hour service**, comprehensive **workshop report**, and the usual **Makin Traks 3-month powertrain warranty** for total peace of mind. Fully prepared through our brand-new purpose-built facility on the Sunshine Coast OLD. Ready to earn from day one.
