delivering 265HP through a smooth **fully automatic 4-speed transmission with lock-up clutch** that continuously adjusts for maximum productivity. Set up for serious work with a **SU (Semi-Universal) blade** for high-volume dozing and a **4-barrel (4-shank) genuine CAT MS ripper** for tearing into the hard stuff. The elevated-sprocket undercarriage protects major components from shock loads and makes servicing easier. Comes with a **fresh 250-hour service** and comprehensive **workshop report** through our brand-new purpose-built facility on the Sunshine Coast QLD. Ready to earn from day one. This D7 has **great fuel economy**, able to use less than **30 litres per hour** which is similar to a smaller D6T and 15 litres per hour **less** than a D8T.
